GOLF WITH H.E.A.R.T.

Dear Friend of H.E.A.R.T.,

March 17, 2026

2026 marks H.E.A.R.T.'s 20th years of service and creating educational, job training, and employment opportunities for adults with intellectual and/or developmental disabilities (I/DD). As we reflect on our journey we are filled with so much gratitude, as reaching this milestone has been possible only because of generous supporters like you. The annual Golf With H.E.A.R.T. Tournament has always been an incredibly cherished event since 2010, and we cannot wait to and see you at the golf course once again this year. We hope you will consider sponsoring our 2026 Annual Golf With H.E.A.R.T. Tournament, which will be held **Wednesday, October 21, 2026 at Sand Hill Farm Golf Course.**

Today, H.E.A.R.T. is serving over 100 individuals annually who attend our programs a minimum of 4 days a week. Through our original Vending & Concessions program, trainees/participants service 45 vending machines across the city and concession stands at sporting/concert events inside Toyota Center; over \$35,000 in wages are earned by our trainees annually. H.E.A.R.T. is also thrilled to partner with CVS to train individuals for careers in health retail, including pharmacy technician opportunities. Training occurs at our mock CVS store – the first of its kind in Texas - located inside our H.E.A.R.T. facility. Additionally, H.E.A.R.T. partners with the Houston Food Bank, providing job opportunities to students in the special education programs of three local school districts.

One constant over the years is that each person served is impacted deeply by H.E.A.R.T. just like our trainee Clement. Ten years ago, H.E.A.R.T. began working with Clement through our Transitions Program at the Houston Food Bank, an experience which equipped him with more skills and confidence than many young adults with I/DD have been able to build. Clement later transitioned to work in our Vending & Concessions program and partaking in life-skills sessions to continue to develop himself. Clement rides METROLift (an affordable transportation system for adults with disabilities) each day to get to H.E.A.R.T. and to job assignments like Rockets games. Over the years he obtained his TABC and food handlers' certificates so that he is able to cashier for the games along with H.E.A.R.T. staff, and through our program, he works on assignments arranging travel merchandise at the IAH airport.

His eagerness to learn and work has prepared Clement to provide administrative support for H.E.A.R.T.'s leadership and finance staff, and he is on the trainee leadership team to assist his peers with building their skills. Clement exemplifies what we can accomplish together with partners like you!

Your support directly impacts the trainees like Clement and their families. Because of generous supporters like you, H.E.A.R.T. can provide valuable education and vocational training to individuals with I/DD at no cost. Please consider the various sponsorship options on the enclosed form we have designed for the 2026 Annual Golf With H.E.A.R.T. Tournament so you can maximize your H.E.A.R.T. benefits and community visibility. On behalf of the thousands of Houstonians with I/DD, we thank you for considering this much-needed request to partner with H.E.A.R.T. Now grab your clubs and let's hit the links!

Sincerely,

Tim Neuhaus
Tournament Chair

Janet Deleon Young
Executive Director

Fall Invitational
